

Christmas Discounters Re-Opens For Season! 2nd Location - West Side - Opens Soon!

Christmas Discounters Holds Seasonal Grand Opening

By Joan LeBlanc

It's never too early to start holiday shopping and Christmas Discounters' two locations in Saint John make it even easier to pick up some great bargains on seasonal decorations and festive gifts.

Located in East Point Shopping – just in front of Indigo - Christmas Discounters carries a wide range of items at fantastic prices. This Friday, Saturday and Sunday the outlet will hold its seasonal Grand Opening event with lots of extra-special bargains. The Lancaster Mall location will open with the same great inventory in mid-October.

"We've got some wonderful items this year and every day we'll be bringing in even more, right up until the New Year's closing. We're very excited to be back at East Point Shopping and at our new Lancaster Mall location too," say Leanne and Peter Gallant, owners of both locations.

Large Toy Section

Open 9-9 Monday through Saturday, and 12-5 on Sunday, Christmas Discounters carries much more than holiday decorations and seasonal gifts. Check out their large toy section of items for kids of all ages including a variety of popular toys such as Thomas the Tank Engine, Dora the Explorer, Disney and other popular characters. There's also a good number of small electronic toys and look for the very popular Guitar Hero, also in stock.

"We're still getting toys regularly so it's good to keep checking back to see what has arrived," Leanne advises.

She notes that the store buyer has done a wonderful job of sourcing a wide range of items at amazing prices which are passed on to their customers.

"Greg has done an amazing job for us this year, travelling to product shows in Montreal, Toronto and Las Vegas to access top quality inventory for our stores. So we're able to offer great prices on some wonderful items, everything from stocking stuffers to full-size holiday gifts. Shipments arrive almost daily and we don't always know everything that's going to come in. We may get additional shipments of some items, but then there are some things that we'll get only once so we advise our customers to come often to get the best selection," Leanne adds.

Christmas Discounters also stocks hardware products, including all kinds of smaller tools and work items such as work gloves, hammers, screwdrivers and lots of handy items.

Pink Breast Cancer Merchandise Available

Bedding, Linens And Housewares

In the housewares and bedding section you'll find lots of linens, including all styles and sizes of towels; pillows, sheets, comforters, lap robes and snugglies. Also available are Eureka vacuums, batteries in all sizes, nightlights, all kinds of hooks and hangers, various styles and sizes of media storage cases, desk organizers as well as Corningware and Corelle dishes.

"This year we have some lovely stainless steel kitchen and bathroom accessories that are really nice, and we're soon expecting to receive some items of furniture, including a number of great accent tables in a variety of styles," Leanne notes.

You'll also find a good selection of health and beauty products including makeup, face and body creams, dental products and lots of bathroom supplies. Check out their quality products at bargain prices; everything from wallets to lightbulbs to chocolates. Christmas Discounters also carries a good selection of 'As Seen on TV' products this year.

"There are some really great items in this section, some of the very popular ones; lots of different things for everyone," she adds.

Christmas Decorations Galore

Of course one of the most popular sections is the Christmas decorations, where you'll find all kinds of ornaments, indoor and outdoor lights, wreaths, artificial trees, specialty ornaments and everything you'll need to decorate your home this holiday season.

"And we've got lots and lots of candy; everything from regular candy to all kinds of Christmas treats. Check out our selection early and stock up on all your families' favourites," Leanne advises.

Scrapbooking enthusiasts can choose from a large selection of supplies including paper, trims, scissors and various sticker decorations and much more, as well as other types of crafting supplies.

"Our customers are really very loyal; they keep coming back to check out all of the items we bring in. So we decided to create a Facebook group so our regular customers could be the first to know about the great inventory we'll be bringing in to Christmas Discounters during the holiday season. Everyone is invited to join our Facebook group," Leanne notes.

"Our stores are the kinds of places where you'll find something unique, whether as a gift for family or friends or for decorations for your home. We work hard to bring our customers the best products at the lowest possible prices," she says.
